COMMUNICATION

Sir:

In response to the telephonic inquiry from the Examiner, of July 8, 2005 regarding the Information Disclosure Statement (IDS) submitted on January 4, 2005, please find attached the following.

1) a copy of the IDS of January 4, 2005 including a stamped postcard from OIPE and a copy of a communication from a foreign patent office. It should be noted that U.S. counterparts to the references indicated in the communication, e.g. CN 1177901 and CN 1236798 were submitted in an IDS filed on May 18, 2004.

2) a copy of the IDS of May 18, 2004 noted above including a stamped postcard from OIPE. Applicants note that in discussing the matter with the Examiner it appears this IDS was misplaced and was therefore not made of record. In addition, a non-related paper was made of record in the file.

Serial No. 10/43,919

The Examiner is requested to consider the communication from the foreign office noted in item 1) above, and is further requested to review and consider the references from the IDS of May 18, 2004 including the references from the foreign communication and return an initialed form PTO-1449 associated therewith.

In view of the Examiner's amendment also discussed by telephone on July 8, 2005 to correct two typographical errors, the applicants respectfully submit that the present application is in condition for allowance. A timely notice to that effect accompanied by the initialed form PTO-1449 is respectfully requested. If questions relating to patentability remain, the examiner is invited to contact the undersigned by telephone.

Please charge any unforeseen fees that may be due to Deposit Account No. 50-1147.

Respectfully submitted,

Robert L. Scott, II
